I just wanted to say thanks for a great night. The team working Friday night were brilliant with setting up, packing up, and supervising the action. The function supervisor couldn't do enough to help, and was enthusiastic and energetic.

Tickets can be pre-sold by sending a ticket order form home with each student. Students returning to school with the completed order form and cash can then collect the tickets prior to the event. Alternatively, a certain number of tickets can be sent home with each student to be sold to friends and family.

Additional tickets can be sold at the door however do not give out tickets until they have been paid for as this complicates money collection. If you are selling tickets on the door you will need to provide a float of at least \$75 - \$100 in small notes or coins.

We recommend providing physical tickets instead of a door list as it streamlines entry.

Fundraising Ideas

Engage your guests with more opportunities to donate by running extra activities on the night.

- Door prizes
- Raffles
- Snack stalls
- Auction or silent auction
- Gold coin donation competitions

Catering and Beverages

A great way to raise additional funds is to sell food and drinks at your event; pizza, soft drinks, tea and coffee, alcohol, cakes, lolly bags, quiches and sandwiches have all worked well in the past. You could ask a group of parents to oversee the sales of these items on the night, or roster parents on for 30 minutes each. Scitech can provide trestle tables, tubs for ice and an urn (20L). Other equipment required will need to be supplied (no gas appliances or open flames to be used).

Scitech is an unlicensed venue. If you plan on providing or selling alcohol at your event, a written request must be sent to events@scitech.org.au. An occasional Liquor License may also be required, please check with the Department of Racing, Gaming, and Liquor www.dlgsc.wa.gov.au/racing-gaming-and-liquor.
