

Early Childhood Excursions

Never is science more exciting than when you're first learning about the world – that's why we have special early learning STEM programs and science resources for early childhood educators.

See below for what your students can discover at Scitech:

Discoverland

Scientific Discovery Through Play

Budding scientists learn how to put on their science thinking hats as they interact with our Early Learning exhibits, playing and making discoveries about how they work. With the guidance of our expert Science Communicators, students conquer a hands-on challenge and enjoy dedicated time to explore the space, continuing to use their science thinking toolkits and indulging their curiosities on all things STEM.

Years: K-PP

Duration: 60 minutes

Terms: 1-4

Planetarium

**Children under 4 are not permitted in the planetarium.*

Tilt

Join Annie, Max and their robot friend as they explore how the four seasons are caused by the tilt of the Earth's axis combined with the Earth's orbit around the Sun.

Years: PP-3

Duration: 45 minutes (incl. a 20 minute live presentation)

Terms: 1-2

Puppet Theatre

The Curiosity Shop

Welcome to the Curiosity Shop. A place full of interesting and curious things! Help our presenter explore and sort them out in this puppet show about recycling, reusing and reinventing. Young children also learn about being an audience and watching live performance.

Years: K-1

Duration: 25 minutes

Terms: 1-2

Bursting with Energy

Balga the Grass Tree and his animal friends are full of energy, but how and where does it come from? Come on a journey as we discover how animals use their food to generate enough energy to move, keep warm and stay healthy.

Years: K-1

Duration: 25 minutes

Terms: 3-4

Booking your Scitech Excursion

Get out of the classroom and into Scitech with an excursion! Call us on **9215 0740** or head to scitech.org.au/excursion-guide/ to make a booking
